## **REGISTRATION OPEN FOR AMERICAN TRANSPLANT CONGRESS 2026**

CHICAGO, IL, JANUARY 26 -- This June, join the global transplant community for the leading event in transplant science and innovation. Registration is now open for American Transplant Congress (ATC) 2026, taking place in Boston, Mass., USA from June 20-24. Visit [www.atcmeeting.org](http://www.atcmeeting.org) to register.

ATC is the Joint Annual Meeting of the American Society of Transplantation (AST) and the American Society of Transplant Surgeons (ASTS) and serves as the foremost global platform for advancing scientific and clinical knowledge in solid organ and tissue transplantation.

"ATC brings together a diverse community of over 4,500 transplant professionals from more than 50 countries, creating an invaluable global platform for knowledge exchange and collaboration that drives innovation across the field," says Dr. David Foley, MD, President of AST.

The event will feature 200 education sessions and 1,000+ poster presentations, curated networking opportunities, and a comprehensive exhibit hall full of the latest in technological and medical advancements.

"The American Transplant Congress is the premier gathering for the entire transplant community: surgeons, scientists, physicians, nurses, organ procurement specialists, pharmacists, allied health professionals, and leaders from across the field. Every participant plays a critical role in driving innovation and advancing transplantation. ATC is where collaboration sparks breakthroughs," said Dr. James Markmann, MD, PhD, President of ASTS.

Prospective attendees can explore event programming, learn about resources for international participants, and find answers to common questions on [the ATC website](http://the ATC website).

Early Bird registration guarantees the lowest pricing and ends on March 6 at 11:59 pm ET. Attendees are encouraged to secure their spot early.
